INDIVIDUAL OFFICER PURCHASE PROGRAM

The badge indicates product available under the IOP Program. Not all IOP offerings are featured in this catalog. To see a full listing, go to www.SIGSauer.com/LEMILpurchaseprogram.

ELIGIBLE PARTICIPANTS
• Active or Retired Law Enforcement Officers with Official Agency Credentials
• Active Duty Military with Active Duty ID
• Retired Military with Retired Military ID
• Active Reservists with Military ID
• National Guard with Military ID
• State/County/City Officials with Official Agency Credentials or Official Documentation
• First Responders

To participate, those eligible under the program must utilize a participating PSSC (Public Safety Sales Center) or IOP Sales Center from our current list available online at www.SIGSauer.com/LEMILpurchaseprogram.

UPGRADE OPTIONS
Upon request, SIG SAUER will customize your package with enhanced engraving techniques and matching knifes. Custom engraving can range from standard laser engraving to more intricateistry engraving with 24K gold inlay. Please call for more information.

COMMEMORATIVE PURCHASE PROGRAM

Any law enforcement agency, federal agency, or military unit can receive a special discounted price and free custom engraving on select SIG SAUER firearms.

MINIMUM PURCHASE REQUIREMENTS
Includes special pricing, free logo engraving and one line of text.
• 25 Pistols
• 15 Tactical Rifles
• 5 Sniper Rifles

 Forum: sigsauer.com

All specifications subject to change.
Modern warriors needed an AR-15 weapon that could overcome the harshest tactical environments. So we replaced the traditional gas impingement system with a cleaner, easier-to-maintain, short-stroke pushrod. Then we added true ambidextrous controls and refined everything from barrel to grip. The result is the ruggedly dependable SIG516®.
GO BIG.
Set a .308 caliber short-stroke pushrod system in an AR-platform. The SIG716 gives you the dependability, ease of maintenance and true ambidextrous controls of the SIG516® — with big bore performance.

MORE POWER PER SQUARE INCH

The new, remarkably ergonomic SIG P227™. It’s a .45 ACP that holds 10+1 rounds — but you’d hardly know it from the thinness of the grip. Take hold of this high-power, high-capacity pistol and you’ll see first-hand how we’ve stacked the odds in your favor.

**BACK-UP PLAN.**

The new SIG P290RS microcompact with restrike capability. Get 9mm performance in a palm-sized, easy-to-carry polymer package. Backed up by the most reliable name in firearms.
The only name as strong in polymer as it is in steel.

All the safety features and lock-up of a Classic SIG in a hard-use polymer package. That’s the SP2022®. This best-in-class pistol is loaded with grip and trigger options. It was the first polymer handgun tough enough to be called a SIG. And it’s only gotten tougher with time.

ONe SIg FITS all.

The modular SIG P250®. It changes everything by changing at will. Caliber, Grip size, Slide. It adapts to your hands, shooting style and purpose to become exactly the pistol you need it to be. One size doesn’t fit all. But now, one SIG does.

**STRAIGHT SHOOTER.**

An eye for detail and unwillingness to compromise makes Max Michel, Jr., one of the most dominant competitive shooters ever. He is a three-time World Speed Shooting Champion and in 2010 became the first shooter to win all 8 USPSA Area Championships within the same year. Max brings the same passion and dedication to his role as Captain of the SIG SAUER® Shooting Team and Manager of Competitive Shooting Activities. With real-world insight and a relentless focus on quality, Max is helping SIG SAUER build some of the world’s finest sport pistols.

SIG SAUER ACADEMY™

The SIG SAUER Academy™ is internationally recognized for the use of superior training techniques and unmatched results. Armed professionals and responsible citizens continuously choose to train at the SIG SAUER Academy for all their firearms, tactical and related training needs. No matter what you shoot, we’ll make you a better shooter. Guaranteed.

SIG SAUER ACADEMY™ COURSES

From executive protection to active shooter response, from close quarters combat and basic marksmanship to long range sniper training, the SIG SAUER Academy has provided the highest quality firearms and tactics training available anywhere in the United States for more than two decades. Located on over 140 acres in Epping, New Hampshire, our facility features state of the art indoor and outdoor ranges, tactical training areas, urban environments, a shoot house, a marine training area, and a force-on-force village. The SIG SAUER Academy offers a comprehensive arsenal of more than 60 courses for the armed professional and responsible citizen.

SHOOTING DEVELOPMENT

From first-time shooter to the range veteran, the SIG SAUER Academy progressive shooting development courses offer a logical shooting evolution designed to build a shooter. From basic, intermediate and advanced courses are taught in basic, intermediate and advanced levels that follow a simple and easily reproducible experience utilizing best practices.

SPECIALITY SHOOTING

Each specialty course has its own specific tactical objective. These courses focus on a specialty discipline or deadly scenario, and incorporate training methods designed to achieve nothing short of success and first place wins. Second place is not an option. Students will be confronted with unfamiliar and uncomfortable situations in order to familiarize themselves with such eventualities and learn to prevail.

INSTRUCTOR DEVELOPMENT

The SIG SAUER Academy takes special care in preparing knowledgeable men and women to become effective firearms instructors for students of all levels. It takes more than subject mastery to be a great instructor. Firearm instructors successfully transfer essential skills and knowledge from instructor to student in less time. Instructor candidates can focus training techniques acquired with each other and are rigorously evaluated for classroom and range skills mastery.

ARMORER CERTIFICATION

Proper and routine weapon maintenance and inspection are essential to ensure maximum reliability. Factory armorer courses at SIG SAUER Academy certify agency armors or individuals to maintain, inspect, service, and repair selected SIG SAUER® firearms while preserving the factory warranty. Upon successful completion, armorers will fully understand each firearm and be factory-certified for a period of three years.

For individual course descriptions, class schedules, and more information, visit www.sigsaueracademy.com.

The SIG SAUER Academy is internationally recognized for the use of superior training techniques and unmatched results. Armed professionals and responsible citizens continuously choose to train at the SIG SAUER Academy for all their firearms, tactical and related training needs. No matter what you shoot, we’ll make you a better shooter. Guaranteed.

ROTO PADDLE HOLSTER
- Secure Level 2 Retention with Fast Push-Button Release
- Adaptable to Holster, Belt Loops or MCLG Attachment
- Infinitely Adjustable Cant

ROTO PADDLE HOLSTER with Integrated Mag Pouch
- Holster Single Magazine, is Adjustable for Tension and Cant
- Adaptable to Holster, Belt Loops or MCLG Attachment
- Centrally Paddled-Fit Comfortably inside Waist Band

LEVEL 3 HOLSTER ON DROP LEG
- Available for SIG Sauer P220R, P220 Carry and P229R
- Innovative Level 2 Retention Holster with Locking Post
- Includes a Fully Adjustable Drop Leg Platform and Level 2 Retention Holster
- Full-Size or Compact Paddled-Fit Comfortably inside Waist Band

LEVEL 2 LIGHT HOLSTER
- Innovative Level 2 Retention Holster with Locking Post
- Key to the Following: P220R, P226, P220 Carry and P220R
- Key to the Following: P220R, P226, P220 Carry and P220R
- Right-Handed Model for Black: 01/02/22 Co-Witness

STLS-300 STOPWIRE
- Versatile and Powerful Flashlight Paddies for a Variety of Applications
- Handheld or Easily Mounted on a Rifle Accessory Rail for Extra Stability
- Lightweight and Adjustable/Removable Rail Mounting Laser Module
- Removable, “Memory Clip” Pressure Switch Included
- Four Plus Hour Run Time

X38-TG TRIGGER GUARD LASER
- Adjustable Red Laser
- Integrates Pinpoint Accuracy and Rapid Target Acquistion for Mounting Operations
- Weighs Only 10 Ounces

P950 AIMING LASER
- Compact, Lightweight, Frame-Mounted, Adjustable Red Laser, Designed Specifically for the P950 Pistol
- Weighs Only 11 Ounces

STLS-093 MINI TACTICAL FLASHLIGHT
- High LED Flashlight Outputs; SIG Lenses and Optics
- Compact, “x” Design Features Black Anodizing
- For Greater Wear and Corrosion Resistance
- Comes with Two Flashlight Brnse Mount with Pressure Switch and Picatinny-Style Clip with New Push Button

CAR RIFLE G0 BAG
- Custom-Linear Design of the Back of Most Vehicle Front Seats Keeping Rifles Company Covered Up to 20” bbl
- Made of 600 Denier Ballistic Nylon with the SIG SAUER Embroidery
- Shoulder Strap for Easy Carry
- 15” x 21” x 12”
- Available in Black or Tan

TACMURSE SHOULDER BAG
- Made of High-Quality Ballistic Nylon with the SIG SAUER Embroidery
- Ambidextrous Shoulder Strap and Multiple Storage Compartments Attractive Uniforms Level of Versatility for Concealed Carry or the Gear of Choice
- Available in Black or Tan

TACTICAL RIFLE BAG
- Made of High-Quality Ballistic Fabric with the SIG SAUER Logo on the Front Panel
- Protects a Single Rifle During Transport and Storage
- Padded Shoulder Straps
- Available in “Olive” and “Tan” lengths, in Black or Tan

BRIECE MOUNT
- Attaches to Rail on P220R, P226R and P229R
- Ambidextrous, Rebloc, 300 Win/243 and 308 Cal
- Two Mounts Available: SIG Accessory Rail or M1913 Rail

CPI-BM COMPACT PISTOL LASER & RAIL MOUNT
- Winch and Extravagant Adjustable Red Aiming Laser Module
- Removable, “Pivoting” Pressure Switch Included
